

Conectivos

Apologizing

Don't be upset, but . . .

It was a slip of the tongue.

I said it by mistake.

I am sorry that . . .

(Dis)agreeing

One hundred percent.

Without question.

Exactly right.

Most certainly.

Without doubt.

In no way . . .

That isn't true at all.

That is an exaggeration.

I really can't believe that.

In principle that is true, but . . .

Admittedly that is true, but . . .

That's one way to say it.

Only up to a certain point.

Certainly.

Why not?

I agree.

Elaborating

To be more precise . . .
And what's more . . .
Since I am already talking about it . . .
I would like to emphasize that . . .
Should I explain in greater detail?
Allow me to say it another way.
That is to say . . .
Nevertheless . . .
Even though . . .
That sounds like . . .
And that is why . . .

Qualifying

To tell you the truth . . .
I presume that . . .
I hope that . . .
In my opinion . . .
If that is true . . .
I don't know exactly.
I would like to think that . . .
The way I see it is that . . .
As you may know . . .
I don't have a big interest in that.
If I understand correctly . . .
As you already know . . .
That isn't such a big problem.
That is a matter of opinion.
As far as I know . . .

I have the impression that . . .
It is usually true that . . .
You never know, but . . .
I haven't thought about it before, but . . .
If I am not mistaken . . .
I am not certain whether . . .
Like every other man/woman . . .
I have my own opinion on it, but . . .
I am not an expert, but . . .
I agree that
I don't agree that
Exactly!
You're right when you say

Closing

That is all there is to say.
That is all for now.
To sum up . . .
And there is the problem.
I hope it is only a matter of time.
That remains to be seen.

Filler

fillers are connectors that fill those awkward silences by buying more time for us to say something.

Understandably.
Frankly speaking . . .
Between you and me . . .

Anyway . . .

Well then . . .

Well, as a matter of fact . . .

How can I put it?

I must say that . . .

First . . . Second . . .

I would like you to know that . . .

I am afraid that . . .

Now and then it seems to me that . . .

After all . . .

As far as I am concerned . . .

More and more . . .

Actually . . .

All joking aside . .

Now seriously

Opening

Thank you very much.

That is a good question.

That is such a difficult question.

Once upon a time, long ago . . .

Passing

Can you tell me please . . . ?

Would you be interested in us talking about something else?

And what do you think?

Quoting

She said something like . . .

My wife/husband pointed out that . . .

Recently, I heard that . . .

My better half said . . .

Switching

Now it occurs to me that . . .

I have an interesting story about it.

By the way . . .

And besides that . . .

Oh, I nearly forgot . . .

And one more thing . . .

On the other hand . . .
